For Immediate Release

Memorial Hospital of South Bend Receives Ultrasound Accreditation

Memorial Hospital of South Bend has been awarded a three-year term of accreditation in Ultrasound as the result of a recent survey by the American College of Radiology (ACR).

The ACR, headquartered in Reston, VA, awards accreditation to facilities for the achievement of high practice standards after a peer-review evaluation of the practice. Evaluations are conducted by board-certified physicians and medical physicists who are experts in the field. They assess the qualifications of the personnel and the adequacy of facility equipment. The surveyors report their findings to the ACR's Committee on Accreditation, which subsequently provides the practice with a comprehensive report.

About Memorial Hospital of South Bend

For more than a century, Memorial Hospital of South Bend has been a leader in providing the latest medical services to meet the needs of a thriving community. Our care extends into northern Indiana and southern Michigan, offering high quality services through our regional centers for cancer, cardiac care, childbirth, emergency care and rehabilitation.

About the American College of Radiology

The ACR is a national organization serving more than 32,000 diagnostic and interventional radiologists, radiation oncologists, and nuclear medicine and medical physicists with programs focusing on the practice of medical imaging and radiation oncology and the delivery of comprehensive health care services.
